

Where are Haitians going?

Project Title	Where are Haitians going?
Project Summary	Review and report on Spanish-and other language media via Caribbean traditional and major social media (primarily from destination countries for information on Haitian migrants/refugees) and provide a weekly summary (Fridays are best). This will inform us of the current realities for Haitian migrant
Country	United States
Country/Region of Focus	Latin America and the Caribbean

Project Description

This will inform us of the current realities, issues and reach of Haitians in the diaspora.

1. Which countries report Haitians entering their borders? Are there numbers mentioned?
2. How are Haitians treated in that country (by the government, others)? Any information if civil society is assisting?
3. What is the tone of the media in these articles?
4. Are there examples of best practices that other governments might benefit from?

Spanish required, Portuguese, French, Dutch helpful. Research, Writing, proofreading Analytical writing, Data analysis, cite sources and links.
